formed by *Stipa* sp. *Danthonia* sp, *Dandelion* sp  
and wild *Salvia* to form an open patchwork mosaic  
with scalded ground. Sight records - *Apusilla*,  
*Eophantus* - *Peakesia* sp. Soil yellowy-grey

27773 Murrumburrah

27778 *E. meliodora* on hillside, scald mosaic on  
*Austroicetes pusilla*  
grassland, cover comprising *Stipa* - *Danthonia* sp.

together with *Bothriocloa*. 2<sup>nd</sup> *A. pusilla*. Soil yellowy-red.

27785 Wallendbeen

27786 Turned off to Temora.

27792 Hillside heavily timbered with *Euc. sideroxylon*, *Leptosia fuscomaculata*, *Macrotona australis*, and some *Euc. microcarpa*, two acacia's as shrub <sup>M. sp.</sup> *Austroicetes pusilla* components. Soil red and very gravelly with pasture composed of *Danthonia* sp some *Stipa* and an *Aristida* sp as occas. in a large patchwork mosaic.

27800 Open grassland area with scattered *Euc. sphantus quadrilobus*, *Macrotona* sp., *Lepidosia microcarpa*. Pasture composed of *Danthonia* sp, *fusca*, *Cryptobolus chrysophorus*, *Phalaris cridium* or *Atriplex* sp, *Chloris truncata* and a Composite sp., *Monistria pustulifera* (j). *Austroicetes pusilla*. *Brachycombe* sp. *Monistria* taken from the Composite.

27804 Stockingbingle

27811 Open grassland clothed with *Themida*,  
*Peucedanum fuscum*, *Macrotoma* sp.  
*Danthonia*, *Bothriocloa* sp. Sight records.  
*Chortocetes*, *acrida* ~ *oedalius*.

27813 Partly cleared *Euc sideroxylon* assoc. with  
*Macrotoma australis*, *Zoniaca macronotum*,  
heath sp in clumps and young *Cassinia* ~ *acacia*  
*Macrotoma* sp., *Peucedanum fuscum*,  
sp. as regrowth. Soil red and studded with quartz.  
*Cryptanthus chrysophorus*, *Phanacridium* sp.,  
Grass cover - mainly *Danthonia* ~ a few sp. Nymphs  
*Paratettix* sp., *Kyacris* sp. (f). *Austroicetes pusilla*  
of *Kyacris* abundant.

27826 Temora - thence along Griffith Rd.

27831 *Euc sideroxylon* assoc. with *Cassinia* and  
*Zoniaca macronotum*, *Phanacridium* sp., *Paratettix*  
two *acacia*'s (phyllode ~ small leaved). *Danthonia*  
~ *Kyacris* sp. (f) interpres  
~ possibly *Poa* sp in patches to form ground cover.  
Wind still high at least 4 B.S.

Returned to Temora at 27838

1-3-56

Temora - W. Wyalong route.

Left Temora at 27838. Day heavily overcast  
with high wind B.S. 5.

27844 Open grassland area, mainly *Chloris truncata* with small patches here & there of *Danthonia*. Community *Euc. microcarpa* and *Calitris glauca*. Sight records only - 1 adult *Chortocates* - 2 nymphs of Chort.  
Soil red & compact.

27846 Un-named small Township.

27849 Red compact soil in or *Calitris glauca* assoc. *Oedalus australis*, *Austroicetes pusilla*. Pasture short, main *Chloris truncata*, with some of both *Danthonia* and *Stipa* present. Odd patches of *Sporobolus* and *Lida* sp. Chort. as sight record both adults & nymphs

27851 Mixed timbered area of *Euc. microcarpa* and *Euc. sideroxylon*, with understory of <sup>*Doodsona*</sup> *Acacia* shrubs and *Euc. regrowth*. Pasture mainly patchy *Danth*; soil reddish with quartz pebbles. Odd bushes of *Kochia microphylla*. Sight records only *Gonae*, *Oedalus* and *Pycnostictus*.

27854 Unidentified small Town.

27857 Open grassland, *Chloris truncata* and  
*acicularis* forming main cover, with *Danth. Stipa* as  
subordinate sp. *Euc. microcarpa* and *Cas. Luhrmanni*.  
Soil red and compact but becoming heavier. Sight record  
only of Chort.

27862 Barmesdman

27868 Compact red soil bordering on heavy supporting  
*Macrotona* sp.  
*Euc. microcarpa* and *Casuarina* sp. Pasture of mixed  
grasses, *Chloris truncata*, *Stipa*, *Danthonia*, *Imbricaria*  
and *erogrostis lacunaria*; Sight records acrida,  
oedolus, peakesia.

27873 Red gidgee country. *Cas. cristata* associates  
*Stipa* and *Danthonia* sp. with *Chloris truncata*  
odd bushes of *Kochia microphylla*. Started raining  
wind still blowing strongly. Sight records only  
Chort, peakesia and acrida.

27879 ~~Wyalong~~ Wyalong - Turned off to Marsden.

27880 Slight rise bearing *Euc. populifolia* *Euc. meliodora*  
*Gastrophysus musoides*, *Goniocera macrostema*,  
with understory of scattered shrubs. (small leafed - probably)  
*Peakesia fuscomaculata*, *Rapailla fusca*, *Macrotona* sp.,

*Monistria appustulifera*, Keyacris  
soil red tending S.M. with *Chloris truncata*,  
<sup>interpres</sup>  
*Stipa* sp. and purple flowered Composite (possibly *minucria*)  
*Monistria* numerous - on Composite. Keyacris no specific  
food plant could be ascertained.

27881 *Mallee* community with ti tree. some clumps  
of *Kochia microphylla*. On cleared area, *Chloris truncata*  
*Eragrostis* sp dominant. soil red - slightly gravelly  
- tending S.M. Sight record only *Dedalus*

27885 *Cellitris glauca* associes, cleared area of red compact  
soil, *Stipa*, *Eriosepogon* and *Chloris truncata*.  
Sight record only Chort - 2 small *Monistria* nymphs.

27900 Marsden

27905 Compact area in large expanse of S.M.  
*Moraba* sp., ~~*Austroicetes pusilla*~~  
*Danthonia* dominant with *Salsola* and *Stipa*  
*Moraba*'s on *Danthonia*. *Dedalus* - Chort as sight  
records.

27912 Red compact area with scald mosaics.  
~~*Austroicetes pusilla*~~ (L.S.)  
*Danthonia*, *Chloris truncata*, some *Stipa*.

27915 Caragabal

27920 *Euc microcarpa* and *Cellitris glauca*. Scald  
mosaic on red compact soil, clothed mainly with  
*Stipa* - some *Danthonia* - odd clumps of *K. microphylla*  
No acridids

27942

Grampell.
